

### Certification of Functionality in Emergency Situation

Golden West Telecommunications Cooperative, Inc. (hereinafter "The Company") hereby certifies that it is able to function in emergency situations as set forth in §54.202(a)(2). The Company's critical network infrastructure is designed to remain functional in emergency situations without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations as required by Section 54.202(a)(2). The Company can take reasonable steps to reroute traffic around damaged facilities and manage traffic spikes throughout its network, as emergency situations require.

Specifically, each central office building is supplied with standby generators and battery back-up that enable the central office to keep running until power is restored so long as fuel is available and the facility can be safely accessed, or until reasonable system changes are made to reroute traffic.

The capacity of the Company to function in emergency situations encompasses both voice and broadband.

Section 54.202(a)(2) requires ETCs that are designated by the Commission to "demonstrate its ability to remain functional in emergency situations, including a demonstration that it has a reasonable amount of backup power to ensure functionality without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations."

### Lifeline Terms and Conditions

Golden West Telecommunications Cooperative, Inc. offers Lifeline program-supported service to qualified low-income residential consumers for one telephone line per eligible household. The Lifeline program provides discounts to eligible low-income consumers to help them establish and maintain telephone service. Lifeline assistance lowers the cost of basic, monthly local telephone service. Eligible consumers can receive \$9.25 per month in discounts. In addition, the Federal Universal Service Charge is not assessed to consumers participating in Lifeline. Toll Blocking prevents the placement of all long distance calls for which a subscriber would be charged. Toll blocking is available to eligible consumers at no cost.

### Lifeline Program Eligibility Information

### **Program Based Eligibility**

Consumers are eligible for Lifeline if they, one of their dependents or their household participate in one of the following qualifying assistance programs:

Low-Income Home Energy Assistance Program (LIHEAP)
Federal Public Housing Assistance (Section 8)

National School Lunch Program's Free Lunch Program
Supplemental Security Income (SSI)
Temporary Assistance for Needy Families (TANF)

Lifeline applicants must present documentation demonstrating eligibility either through participation in one of the qualifying federal assistance programs or through income-based means.

Acceptable documentation of program-based eligibility includes: current or prior year's statement of benefits from a qualifying state, federal or Tribal program; notice letter of participation in a qualifying state, federal or Tribal program; program participation documents; or another official document evidencing the consumer's participation in a qualifying state, federal or Tribal program.

### Numbers of Minutes-of-Use Provided as Part of Lifeline Program Service

Golden West Telecommunications Cooperative, Inc.'s Voice Lifeline service includes unlimited local minutes-of-use within the toll-free calling area. Golden West Telecommunications Cooperative, Inc.'s Voice Lifeline Plan does not include any free minutes-of-use for toll. Toll is billed at the standard toll rate depending on which interexchange carrier the consumer subscribes to for toll service. As part of the Lifeline service, toll blocking is available to eligible consumers at no cost.

### Rates

Subscribers may receive the Lifeline credit on any type or grade of local service, including bundled services that are normally offered by Golden West Telecommunications Cooperative, Inc. Advertised rates do not include any applicable taxes or surcharges.

### Recertification of Lifeline Eligibility

Lifeline recipients are required to recertify their eligibility annually. Failure to properly recertify a recipient's continued eligibility for the Lifeline program will result in termination of the Lifeline recipient's monthly Lifeline discount and de-enrollment from the Lifeline Program.

### Additional Lifeline Program Information

The Lifeline program is limited to one benefit per household, consisting of either wireline or wireless service. A household is defined, for purposes of the Lifeline program, as an individual or group of individuals who live together at the same address and share income and expenses. Lifeline is a government benefit program, and consumers who willfully make false statements in order to obtain the benefit can be punished by fine or imprisonment or can be barred from the program.
